On September 1, 1983, the Kentucky T.A.S. Committee

and the Kentucky Association of Radio Common Carriers ("Movants"),

by counsel, filed Motions for Extension of Time (until Septem-

ber 9, 1983 - six weeks subsequent to the filing of the appli-

cation) to file Requests for Information. The Motions further

request that South Central Bell Telephone Company ("South

Central Bell") be granted an additional week to respond to the

Requests (that is, eight weeks subsequent to the filing of the

application).

The Motions state, among other things, that on or about

August 12, 1983, counsel for Movants received a copy of South

Central Bell's prepared testimony and proposed tariff, and on

August 19, 1983, counsel received a copy of South Central Bell's

illustrative access charge tariff. The Motions further state

that the additional time is required so that the testimony and

tariffs can be adequately reviewed in view of the changes caused by the Computer II decision, the divestiture of the Bell operating companies and the decisions of the Federal Communications Commission concerning access charges, and in view of the fact, according to the understanding of Movants, that South Central Bell will no longer offer Movants its services pursuant to contracts previously negotiated, but instead will require Movants to be provided services under the new access charge tariff which at this point is illustrative.

The Commission, having considered the Motions for Extension of Time and being advised, HEREBY ORDERS that the Motions be and they hereby are sustained.

Done at Frankfort, Kentucky, this 9th day of September, 1983.
